Close out prior year

- We must document what we have done
- www.onstrategyhq.com
- Performance – Track Performance
- Each goal assigned to you should be visible
- Edit (pencil icon)
- What's your progress? To close out prior goals select "I'm Done"
- Progress Year to date: make sure to indicate 90%-100% to close out a goal
- All current SBA goals must be closed out!

Close Out Prior Year

- What if I didn't complete a goal (less than 90% complete)?
- Carry over – we will change the end date
- What if I didn't make any progress or didn't get to a goal at all?
- Talk with your director on guidance to carry over or delete.

Close out prior year

- When you have all existing goals either “I’m Done” or changed the end date to carry over email Natalie Bates alerting her you are done
- August 15 is the deadline to close out goals!
- We will produce the report to be posted on the school’s site showing what happened with prior years’ goals

WAIT!!!!

- You will get an email from Natalie Bates after reports have been posted to the school web page
- Don't do anything with OnStrategy until you receive the email!

Delete

- Once you receive confirmation from Natalie that your prior years' report is complete and posted then we can clean up the site
- You will be able to delete old goals that you have closed out after Natalie sends the delete email

ASPI

- Stars don't tell the whole story
- AMO requirements
- If you did not meet an AMO requirement for 2 consecutive years, it must be addressed
- Subgroups can be addressed in action steps of an overall Math, ELA or Graduation goal
- Example

Made all AMO's

- Look to use the Effective Schools Framework
- Dig deeper into your data
- Initiatives? E0200
 - Project based learning
 - STEM
 - Service Learning
 - Other ideas
- Work with your director

2 Star or 1 Star Schools

- Effective Schools Framework
- Data inventory – documentation
- Community feedback – specific survey about school
- Regular, documented community updates
- District Office oversight
- State reporting and State access to Onstrategy

Implementation

- Calendaring
- December 1 Update progress – Onstrategy
 - Update Site councils
